QUESTIONS

1. What is one area in your home that needs transformation that only God can provide?
2. In Luke 8:48, Jesus is delayed in getting to Jairus's home and his daughter has died. Where in your life have you struggled with delay or the death of a dream? Where can you see Jesus bringing hope in challenging circumstances within your own home?
3. We often try to fix our problems at home with our own power and strength. But relying only on ourselves doesn't allow us to see God at work. What habit can you build to ask and welcome Jesus into your heart and home?
4. What emotions do you think Jairus was feeling as he came to Jesus? Jairus takes his struggle and pain to Jesus. What part of your life do you need to take to Jesus today?
5. Jesus tells Jairus to not be afraid; just believe. The command to not fear is the most repeated command in scripture. Why do you think that command is repeated so often? How is Jesus' command to believe the cure to fear?
6. What does it tell you about Jesus that He quiets the doubters? What does it tell you about Him that He takes the little girl by the hand, heals her, and then gives her something to eat?
