QUESTIONS

1. Share about a storm that has threatened to knock your house down. What are some specific things that keep your house from being knocked down?
2. Pastor John reminds us that putting the words of Jesus into practice leads to true change. What changes are evident in your life when you decide to live for the kingdom of Jesus rather than your own kingdom?
3. Just like in Matthew 7, when you are gathering with others that follow Jesus, how does it help you stay on God's firm foundation? How are you more vulnerable when you're alone?
4. Think of someone you know who built their house on shifting sands rather than the rock. What was the end result? Is there a way you were able to (or are able to, if it's happening presently) help guide them to rebuild on the rock-like foundation of Christ?
5. Gather weekly, find your group, serve consistently. How have putting these things into practice affected you?
