

If My People...

In the midst of difficulty and chaos, God is battling for the hearts of people all over our nation, and the world. He's asking us, His people, to join Him. The heart of God is to heal people and to heal our land. COVID-19 is not the only sickness and threat we are facing. Yet, in this time, the Lord is opening our eyes and calling us to humble ourselves, to repent, and to pray as He brings healing to our land and to our hearts.

GET THINGS STARTED

How is life? What struggles or challenges are you facing? What unexpected surprises or gifts are you discovering during this season of COVID-19?

GO DEEPER

1. Read 2 Chronicles 7:13-14. Are there any words the Holy Spirit is highlighting? What are they, and why?
2. Read Joshua 3:3-5. Look specifically at verse 4. How is the Lord showing you the way to go in this journey that we've never traveled before? Now look at verse 5. What wonders do you desire and pray that God will do among us in the days to come?

MAKE IT PERSONAL

1. Is there anything you've identified in this season that God is calling you to humble yourself in? What are they? Why do you think He's calling you to humble yourself in those areas?
2. Repentance doesn't bring shame. Repentance calls us to turn from that which destroys and go home to the Father. What areas in your life is God calling you to repent of?
3. How is the Lord leading you to pray during this season? What are things you have started praying for?

PRACTICE IT NOW

Joshua 3:3-5 tells us that as we consecrate ourselves—as we humble ourselves, repent, and pray—that tomorrow God will do wonders among us. Spend time as a group praying for the wonders and the healing God will provide for our people and our land. Spend time dreaming with God of how He will bring His goodness and His love to this world in such a time as this.
